The Veterans Affairs Hospital in Waco, TX released my husband, Specialist Bobby Lee Williams, United

States Army, from inpatient psychiatric treatment in three days after he was transported from Baylor Scott and White Medical Center, where the psychiatrist had a court order for 90-day inpatient treatment. The psychiatrist at the VA Hospital failed to provide the in-patient treatment my husband would have received at Baylor Scott and White Medical Center, and my husband died less than a week later of what would have been his 90-day discharge date. The psychiatrist at Baylor Scott and White Hospital explained his condition as such: "The patient has the means and intent to commit suicide if he were discharged or left an inpatient environment."

Requested Relief

I, Tramaine Williams (Plaintiff), am seeking monetary relief for my family in the amount of \$3,000,000.00. I am seeking relief for loss of life for my husband, pain and suffering for myself and my children, loss of consortium, and mental anguish.
